MEMORANDUM FOR THE RECORD

SUBJECT : DCI Morning Meeting of 15 March

1. Mr. Smith reported on 4 BADGER overflights of Alaska [redacted]

It was agreed that the ADCI should prepare a letter to Secretary Rusk urging the desirability of the U. S. Government protesting this action. This would place us in a much better intelligence position.

[redacted]

3. Mr. Smith reported on [redacted] future establishment of a Cuban training site for SAMs.

4. I raised the question of a senior official to open the Chinese nuclear conference. Carter agreed to do this (I understand this has since been shifted to Kirkpatrick.) *(now back to Carter)*

5. I reported on the sorry generator situation, NRO and the OXCART status.

6. After the meeting I had a discussion with Bross, Houston and Lloyd relative to budgeting for NRO. Bross was reluctant to push the CIA approach, but we finally all agreed that we would draft such a paper which would put the money in the CIA budget for appropriation directly to us and include various guarantees to the NRO which would prevent reprogramming, etc.
